Rohan Verma
rohan.verma@example.com

Education
B.Sc. in Statistics, Example University, 2025, CGPA 8.1

Technical Skills
Python, SQL, MySQL, Pandas, NumPy, Excel, Power BI, Matplotlib, scikit-learn

Projects
Sales Dashboard - Cleaned 2 years of retail sales data with Pandas and built an interactive Power BI dashboard for regional managers.
Customer Churn Prediction - Trained a logistic regression model with scikit-learn; explained the key churn drivers to a non-technical audience.
Wrote SQL queries in MySQL to join orders, customers and returns tables for monthly reports.

Experience
Data Analyst Intern, Demo Retail Co (Jun 2024 - Aug 2024)
Automated a weekly Excel report with Python, saving the team about 3 hours per week.
Performed exploratory data analysis and hypothesis testing on campaign results.

Certifications
Google Data Analytics Certificate (demo)
